Hey Tony,

Attached is the report for last Feb. We will not get the March one till next week. Below are the weekly reports for March:

Week Of 3.21-3.25

Below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 11 people
 - Of these, 5 were new contacts
- From the locations that we visited this week, we identified **Coronado Terrace as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 2 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *Coronado Terrace:* Outreached this encampment at the request of CD13, and encountered 5 residents. Provided case management, offered services and was able to create goals with 3 of the individuals. Of the 5 individuals at this location, 2 are on the most vulnerable list, one senior gentleman with health issues, and one who is difficult to engage due to mental health challenges. # of the individuals have made follow up appointments for Monday to go to DMV to get Identification. The team will continue to engage and work with these individuals with on going case management and goal progression, with hopeful linkage to resources and programs.
- *Maltman Ave:* At the request of CD13 the team explored this area for the man in question. After being unable to locate this person of concern, we engaged with Tracy, the home owner who initially made the request. She informed the team that he has relocated in the last few days, however we were able to give her our direct contact numbers should he come back to the area, and she agreed to call with any updates.

- *LA River Bike path encampments:* The team has been in telephone communication with one of the individuals that we outreached last week. Although they were unable to meet with the team on the scheduled date, they are still in need of services and have agreed to meet next week. Discussed a case management plan with Family Solutions, and they will attempt to do an assessment on the next scheduled appointment.
- *3533 Madera – Atwater Village:* At the request of CD13 the team has not yet made contact with the woman in question at this location. The has this particular location in the calendar for both Monday and Wednesday of next week, to attempt to engage, build rapport, and offer services.

- **CES**

- 1 individual completed a CES assessment-VETERAN SEE BELOW

Veterans

- 1 Veteran completed CES – referred SSVF
 - WJV – score 8

Please let us know if you have any questions,

Week of 3.14-3.18

Hello CD 13, below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 20 people
 - Of these, 17 were new contacts
- From the locations that we visited this week, we identified **Vermont/Hollywood as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 5 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *The Silverlake underpass encampments:* have all completely relocated to unknown locations due to clean ups.
- *St. John Encampments:* The team continues to consistently outreach a man on St. John who has become known to business owners in the area due to his high amount of “trash” and odorous camp. Although the team has made significant progress engaging this man, he has proven to be very reluctant to engage overall and is on our team’s “Long Engagement” and “Most Vulnerable” lists. Although there are other people at this location, these are people who have simply relocated for various reasons from other parts of CD 13. The team is actively working with these other people as well on case management and possible linkage to programs.
- *LA River Bike path encampments:* The team outreach a small encampment on the LA River per the request of Hector, CD 13 field deputy. The team discovered that this was a couple that the team had previously engaged but then lost contact with (so, thank you Hector!!) The team was able to re-engage and are currently working with the couple on case management tasks to link them to appropriate support (including the possibility of Family Solution Center linkage.)

CES

- 1 individual completed a CES assessment
 - C.R. – Score 4

Permanent Housing Referrals, Acceptance, and/or lease Ups.

- B.A. Accepted into Interim housing shelter.
- C.A., S.T., J.S.,K.H., referred to Homeless Healthcare for possible permanent housing opportunities.

Veterans

- 1 Veteran referred to SSVF
- 1 Veteran refused information to be linked. Team continues to engage to assess for non-veteran linkage opportunities.

CD 13 Weekly summary March 7 through 11, 2016

- **This week we worked with approximately 32 people**
 - Of these, 15 were new contacts
- **The locations that we visited this week,**
 - (6) Hoover
 - (3) Virgil
 - (3) Juanita
 - (3) Oakwood
 - (4) Madison
 - (1) Dillon & silver lake
 - (12) Lafayette Park
- **SEW Event - Team participated in the SEW event at MacArthur Park on 3/11/16**
 - Of the 32, Team met 12 new contact at the Lafayette Park
 - 1 CES was completed at MacArthur Park
 - 1 person was transportation to Motel and to a thrift store (Motel voucher + Clothing Voucher)
- Approximately 20 people may be identified as the most vulnerable clients
- 4 completed Housing Authority Pre-screening application

Special Request Outreach

3600 W. Sunset at 99 cent store – No one was located

Thanks Juan.

So, if I'm reading the YTD report correctly..

During the length of the contract, PATH has reached out to 397 homeless individuals in their service area.

Our contract with PATH has permanently housed 4 people

Our contract with PATH has provided transitional housing to 10 people.

These are the highlights, if MOF wants to mention during council, right?
